

Aditya Mahendra, Front-End Developer

Jakarta, Indonesia, +6285311937779, aditpromahendra@gmail.com | <https://www.linkedin.com/in/aditya-mahendra-176815234/> | <https://myportfolio-kohl.vercel.app/>

Summary

Fresh graduate in Computer Science from IPB University with a strong interest in frontend development. Experienced in building responsive and user-friendly web applications using ReactJS, TypeScript, and modern web technologies. Developed several web-based projects through coursework and during an internship at PT BNI Sekuritas, focusing on clean architecture and usability. Skilled in API integration, state management, and component-based development, with proven communication and leadership abilities through various organizational roles.

Work Experience

- Sep 2024 - Apr 2025 Front End Web Developer, PT BNI Sekuritas (Internship) Jakarta
- Contributed to the development and enhancement of multiple internal web applications within a Micro Frontend architecture, focusing on improving usability, performance, and data accessibility for operational teams.
 - Developed responsive UI components, implemented API integrations, and optimized workflows using ReactJS, TypeScript, Zustand, SCSS, and Bootstrap.
 - Collaborated in a Scrum environment, participating in sprint planning, stand-ups, and reviews to ensure timely and iterative delivery of features.
 - Coordinated with senior developers to clarify requirements, resolve technical issues, and proactively learn unfamiliar technologies to support ongoing development needs.

Organizations Experience

- Jan 2024 - Dec 2024 Head Of Supervisory Committee, Himpunan Mahasiswa Ilmu Komputer
- Developed organizational policies, supervised officer selection, and coordinated general assemblies.
 - Led programs and team operations to strengthen member engagement and support organizational goals.
 - Facilitated communication between members and leadership while conducting regular reviews to improve overall performance.
- Jan 2023 - Dec 2023 Supervisory Committee, Himpunan Mahasiswa Ilmu Komputer
- Supported governance activities by attending key meetings/events and ensuring compliance with internal regulations.
 - Contributed to program discussions, evaluations, and accountability efforts through constructive insights and feedback.
 - Facilitated communication between members and leadership to maintain alignment and organizational clarity.
- Jul 2019 - Jun 2020 Head Of Documentation Division, Organisasi Siswa Intra Sekolah (OSIS)
- Led the documentation team in planning and managing photography/videography for school events, meetings, and projects.
 - Ensured thorough coverage of key moments and organized large volumes of photo/video files for proper archiving.
 - Coordinated task assignments and provided documentation support for events held by other divisions.

Projects

- Sep 2024 - Apr 2025 Monitoring System, BNI Sekuritas
- An internal web monitoring system used by BNI Sekuritas to manage operational data.
- Developed several key pages for BNI Sekuritas' internal web monitoring system, including Monitoring FPR, eKYC, Inquiry Account, and Ratio List.
 - Built interactive tables with pagination, expandable rows, and PDF preview/download functions for Monitoring FPR.
 - Implemented eKYC monitoring and rehit (retry) features with modal review and batch processing for failed verification data.
 - Designed Inquiry Account pages covering account information, account balance, and intra-bank transactions.
 - Added Ratio List pages for margin call alerts, due-date summaries, and transaction ratio monitoring, complete with filtering and refresh options.
 - Applied data validation, alert messages, and responsive layouts across modules.
 - Collaborated with the IT team and supervisors to review, test, and refine system features according to business needs.
